Notification Settings

Notification settings allow users to opt out of receiving specific kinds of notifications and establish thresholds for those they want to receive. Set thresholds to only receive notifications when a grade or score falls below the selected percentage or a lunch balance falls below the selected dollar amount. Click the arrows to change the threshold or click and drag the dot.

Notifications are not sent for any tools that have been disabled by the district. Only districts using Campus Food Service receive low balance notifications.

Blended Learning

Some schools are using blended learning, with some students attending school physically and some attending virtually.

Is My Student Virtual Today?

Check the **Today** screen to see if your student is physical or virtual today. A Virtual tag displays at the top of the schedule on days the student attending virtually.

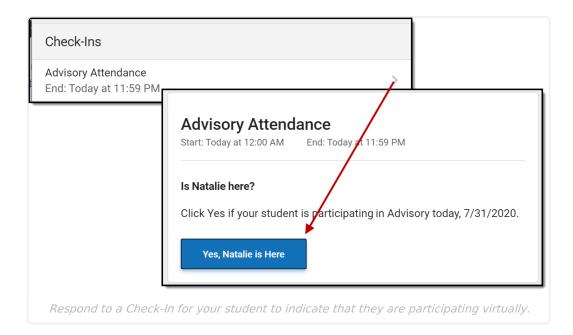

To check another day, go to the **Calendar** screen, click *Schedule* and click a day in the calendar to see if your student is attending in-school or virtually that day.

Attendance Check-Ins

Depending on how your student's school is using virtual attendance, students may be required to respond to an attendance Check-In to show that they're participating in school virtually. These Check-Ins may display for each virtual section or one per day; some students are required to respond during the period the section would normally meet and other have all day to respond. Parents may also be able to respond for their students. Contact your school if you have questions about how they're doing virtual attendance.

To see if your student has responded to a Check-In, click on the Check-In on the Today screen. To respond to a Check-In for your student, click the Check-In and then click the blue **Yes** button.

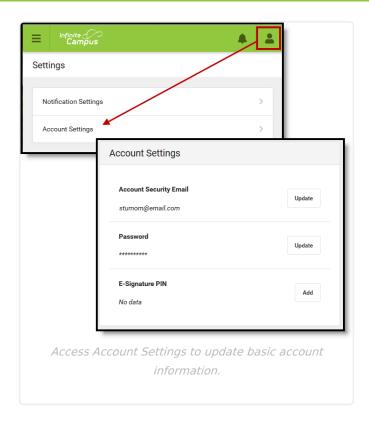

Account Settings

Account settings allow users to update their security email on record or to change their Password and E-Signature PIN.

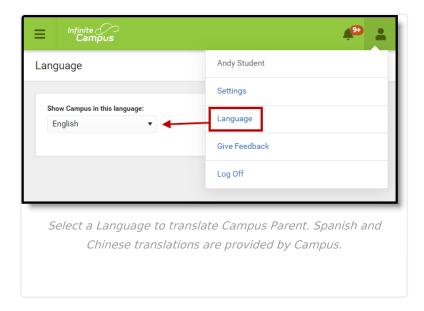

- The Account Security Email is the email used if a user forgets their username or password.
- Passwords can only be modified if the district has enabled Password Reset. Strong passwords
 are enforced, meaning that passwords should have a mix of letters, number, and characters to
 make them more secure.
- E-Signature PINs are used to electronically verify and sign Meal Benefit Applications. This field is only available if enabled by the district.

Language

From the user menu, click **Language** to change the language that Campus Parent displays in. Campus provides translations into Spanish and Chinese; districts may provide additional translations.

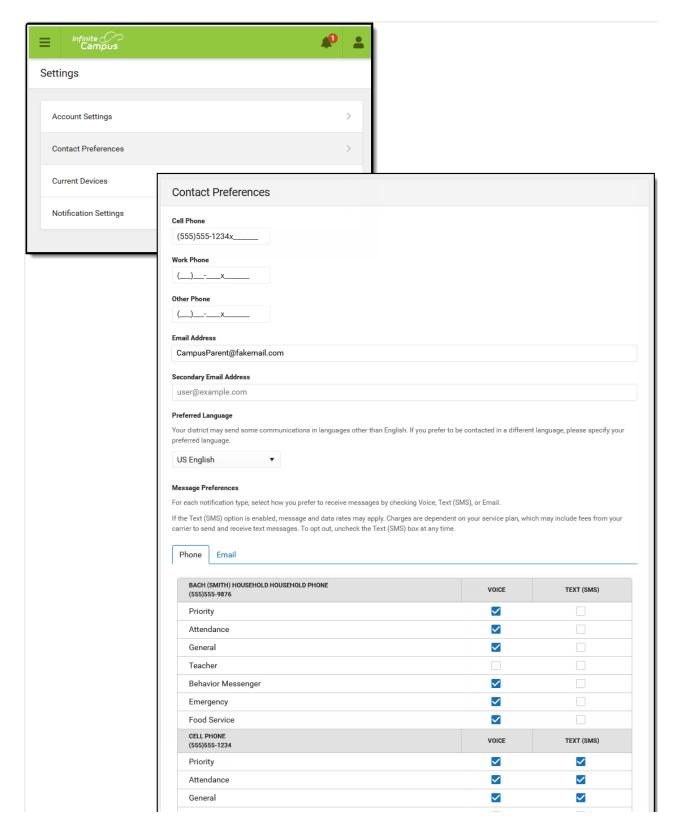

Contact Preferences

on certain options, you may be able to modify your phone numbers and email addresses.

From the **User Menu**, select **Settings**, then select **Contact Preference**. Review existing contact information (phone numbers and email addresses), enter any updates, and mark your desired Messenger Preferences. When phone and email changes are made, an email notification acknowledging the change is sent to the individual, alerting them to changes they may not have made.
